### **Appointment of Interim Chief Financial Officer**

Syft Technologies is excited to announce the appointment of Brian Travers as Interim Chief Financial Officer.

Brian began his career with Thermo Fisher Scientific in the US and Europe. He has extensive experience in finance leadership and general management (including CEO, COO, regional SVP positions) working in instrumentation and life sciences companies around the world, with particular depth in Asian markets.

Brian is based in Christchurch and will start at Syft this week.

#### **About Syft**

Syft Technologies Limited is a world leading provider of Selected Ion Flow Tube Mass Spectrometry (SIFT-MS) solutions. Revolutionizing the trace analysis world, Syft's instruments enable the rapid, targeted and comprehensive analysis of compounds in air to a parts-per-trillion level. Syft's technology is used in industries including semiconductor, energy, life sciences, environmental, consumer products, laboratory and research, security and air quality monitoring. Based in Christchurch, Syft trades on New Zealand's Unlisted Securities Exchange ([USX: SYF](https://www.usx.co.nz)). Further information is available at [syft.com](http://syft.com).
