31 October 2023

### **Extension of Convertible Note**

Syft Technologies has today confirmed that the repayment date for the Convertible Notes issued on 21 July 2023 has been extended to 31 March 2024. This extension has been agreed by Syft, Ampersand and ACC. As per the terms of the agreement, the extension is binding on all holders of the Convertible Notes. Noteholders have been notified by email and no further action is necessary.

Syft will provide a business update upon release of its Interim Report in November.

#### **About Syft**

Syft Technologies Limited is a world leading provider of Selected Ion Flow Tube Mass Spectrometry (SIFT-MS) solutions. Revolutionizing the trace analysis world, Syft's instruments enable the rapid, targeted and comprehensive analysis of compounds in air to a parts-per-trillion level. Syft's technology is used in industries including semiconductor, energy, life sciences, environmental, consumer products, laboratory and research, security and air quality monitoring. Based in Christchurch, Syft trades on New Zealand's Unlisted Securities Exchange ([USX: SYF](https://www.usx.co.nz)). Further information is available at [syft.com](http://syft.com).
